

Bavarian Meats Delicatessen

Established in 1961, our family business continues to craft over 50 types of sausages, wieners, cold cuts, smoked meats and salami exactly the way our German-born grandfather, Max Hofstatter, did when he moved here from Bavaria in 1933. Fun Fact: The lion you see around our store is affectionately named Max after our Grandpa.

At our deli, we are proud to feature many of our flagship products, such as our bacon, sausages and smoked meats, in specialty Breakfast and Luncheon dishes.
